Details:

League manager: Chuck Hartmann

NSSA rules will be used for the league unless otherwise stated.

A 50-bird (previous two rounds) rolling handicap will be employed to level the field of competition.

Handicaps will be calculated and maintained solely by the league manager.

Each shooter's handicap will be 75% of the difference between 24 and the actual number of targets broken.

(Someone shooting a 25 cannot be beat by someone using handicap).

Please refer to the league documents for a complete description of the league rules and handicap calculations.

8 weeks of two rounds each can be shot; the 4 lowest or absentee rounds will be dropped for an end of season score.

No makeup or pre-shoots are allowed, except as noted for closed Saturday shoots.

Events 1 and 2:

Two rounds Skeet - \$16

\$1.60 of the entry fee will be placed into an end of league payout kitty. \$0.40 used for league maintenance.

End of season prizes will be paid 50/30/20.

The Hotclays App will be used for all scoring, the results transferred to the league manager each week. Shooter handicaps will be updated and weekly scores sent to shooters.

The top three shooters will have their names and averages engraved on a Skeet League plaque. The plaque will be displayed in the clubhouse.

Four seasonal shoots are planned: Spring, Summer, Fall and Winter.
